Please see our Step By Step Guide on the Website for further details.

After checking the vehicle registration mark (VRM) and before proceeding to request a Vehicle Check search, you have the option to choose whether you want to purchase a single Vehicle Check search or multiple Vehicle Check searches. You must provide us with payment of the appropriate fee (as indicated on the Website) in advance of any search being performed.

The results of each Vehicle Check search will be delivered to you electronically on your computer screen via the internet and you will be sent an e-mail to confirm that payment has been taken and/or provide you with confirmation of your search and details of a hyperlink at which you can view your Vehicle Check search results. You will be able to view an archived record of your Vehicle Check search results for a period of up to 24 months following your search if you click on the section entitled "View My Checks".

If you have chosen the single Vehicle Check service and conducted a single Vehicle Check search, you may register with us the fact that you have progressed to purchase the vehicle to which the single Vehicle Check search relates. Once you have conducted a Vehicle Check search, you are entitled to choose one (1) of those vehicles on which you have conducted a Vehicle Check search to register with us to entitle you to receive the benefit of the Data Guarantee, subject these Terms and Conditions.
